The grass is greener.

WHY IS THE GRASS GREENER?

OVER 150 YEARS IN AG

In 1864, the founder of what is now called Deutz Ag, Nicolaus Otto invented the four-stroke internal combustion engine and with Eugen Langen started the first engine factory in the world.

OVER 25 YEARS IN AUSTRALIA

PFG Australia has proudly imported and distributed Deutz-Fahr tractors for over 25 years. Backed by a strong nationwide dealer network, you can rely on our experience to support you every step of your Deutz-Fahr journey.

GERMAN ENGINEERING AT ITS BEST

Engineered in Germany, Deutz-Fahr tractors bring precision, power, and reliability to the field — so you know they won't let you down.

THE RANGE

Whether you're after a specialist tractor for the vineyard, a compact model for your lifestyle property, or a powerhouse for the farm, Deutz-Fahr has a tractor to suit the job.

ENGINES AND TRANSMISSIONS

A key feature contributing to Deutz-Fahr's fuel efficiency is its innovative transmission systems offering smooth and precise control of power delivery.

**TRACTORS FROM
62 TO 336HP**

COMFORT THAT WORKS AS LONG AS YOU DO

Quality is the key driver for Deutz-Fahr's lineup of tractors: from the high precision, durable finish, the ergonomically-designed controls layout, to the exceptional overall comfort and visibility of the operator's station.

OUR TECHNICIANS ARE SECOND TO NONE

Our commitment to quality service and reliable parts delivery has been the foundation of our business, supporting Australian farmers for over 25 years. Providing the best service in the industry remains our top priority and is central to the continued success of our organisation.

TECHNOLOGY - PUSH THE BOUNDARIES

Our tractors offer precision farming technology, fuel-efficient engines, integrated GPS and advanced hydraulics for greater performance and control, while ergonomic designs enhance operator comfort.

A MESSAGE FROM DEUTZ-FAHR'S GENERAL MANAGER

The farmers and growers of today face many challenges that continue to place pressure on margins, profitability and sustainability. Factors such as weather, compliance, capital and interest expenses, rising farm input costs including fertiliser and fuel – all have the potential to question the viability of operating an agricultural or horticultural business.

At Deutz-Fahr, we live and breathe farming just like you. No matter how tough things get, our focus is always to support our customers by offering high quality equipment that is reliable, packed with useable features and offers the best value for money.

We continue to invest millions of dollars in holding stock of parts on the ground at our Australian distribution warehouses, and in training our dealers to quickly diagnose faults and keep every Deutz-Fahr tractor running with less downtime. The engines in our tractors are proven to outperform other brands to keep your fuel expenses at a minimum. And our dealers are not large corporations but local owner/operators that are part of the community they serve.

In this catalogue, you will find our latest offers across the range, from the compact Agrolux through to the flagship Warrior series. We've got some amazing tractor and loader packages at extremely competitive pricing, and our sharp 2.75% finance rate over 30 months.

If you're thinking it might be time to upgrade or replace your older tractor for something more efficient and reliable, come and see your local Deutz-Fahr dealer.

We've got machines in stock ready to delivery and a network of over 60 branches ready to talk - check out the back page of this catalogue to find your closest outlet.

Tim Fanning
General Manager
Deutz-Fahr Australia

TERMS & CONDITIONS

Pricing is valid for orders placed by 31st October 2026 for delivery by 31st December 2026.

Limited stock available - strictly while stocks last. Images for illustration purposes only.

Available only to ABN Holders. Not to be used in conjunction with any other offers or promotions. Offer available at participating dealers only. For full terms visit www.deutzfahr.com.au.

AGROLUX ROPS SERIES

The Deutz-Fahr Agrolux 310 ROPS is a versatile, reliable tractor designed for a range of agricultural tasks. Powered by a 3 Cylinder SDF 1000 Series Tier 3 engine, this model delivers impressive performance with its 40 km/h top speed, making it ideal for both fieldwork and transport. Featuring a Synchro Shuttle transmission, the Agrolux 310 ensures smooth, efficient gear shifting, while the ROPS (Roll Over Protective Structure) offers enhanced operator safety in tough working conditions. Compact yet powerful, this tractor is perfect for farmers looking for a durable, no-nonsense machine that gets the job done with ease and efficiency.

FINANCE^A

OVER 30 MONTHS

The Deutz-Fahr 5125G HD is a robust mid-power utility tractor within the 5 Series, first introduced in 2017 and built to handle demanding day-to-day tasks with ease. Powered by a 4-cylinder, 3.9L FARMotion diesel engine, it delivers 126hp with strong torque of up to 500 Nm at around 1600 rpm, providing reliable performance when it counts. A 60x60 3-speed Powershift transmission ensures smooth, responsive operation across both fieldwork and loader duties, while the mechanical front axle and wet disc brakes deliver dependable traction and control. Complementing this is an open-centre hydraulic system with 90 L/min flow, offering consistent performance for a wide range of implements. The spacious, ergonomic air-conditioned cabin features a Hi-Vis glass roof hatch, providing excellent upward visibility for safer and more efficient loader work.

PARTS, SERVICE & WARRANTY

QUALITY NATIONWIDE PARTS, SERVICE AND SUPPORT

With a Deutz-Fahr tractor, you're investing in over 150 years of engineering excellence, backed by the support of a professional parts and service network across Australia.

PFG Australia is proud to support Deutz-Fahr owners with experienced local dealers, factory-trained technicians, readily available genuine parts and efficient nationwide parts distribution to help keep your machine working when it matters most.

Enjoy added peace of mind with Deutz-Fahr Extra Care, now available across all new Deutz-Fahr tractors, offering a purchasable extended warranty of up to 5 years or 5,000 hours.

For more information on genuine parts, servicing or Deutz-Fahr Extra Care, speak with your local Deutz-Fahr dealer.

RELIABILITY

GERMAN ENGINEERING WITHOUT COMPROMISE

Deutz-Fahr tractors are built in Lauingen, the most advanced tractor manufacturing facility in Europe. This is where precision engineering, automated production, and decades of technical know-how come together. Every tractor is crafted to deliver maximum reliability, strength, and performance in real-world conditions.

From high-horsepower models to specialist configurations, each machine is engineered to handle the demanding mix of soils, climates and applications farmers face today. Premium European components, rigorous testing, and laser-cut accuracy form the backbone of every build.

These tractors are designed to work harder for longer. With efficient powertrains, intuitive technology, and purpose-built systems, they give operators confidence day after day, acre after acre. Deutz-Fahr backs that with fast, expert support and a strong global parts network, ensuring downtime is kept to a minimum and productivity stays high.

MEET TERRY.

With 12 Deutz-Fahr tractors in his fleet, local contractor Terry knows what works. Fuel efficiency is one of the biggest reasons he continues to choose Deutz-Fahr.

Scan the QR code to hear Terry's story and watch his tractors in action:
